Asphalt Bids

Bids were received from Ohio Valley Asphalt and Kemper Construction for the recent advertisement for asphalt bids. Copies are attached. The bids were tabled for further consideration.

Kentucky Department of Transportation

Rob Hans, Kevin Russ and Donnie Miracle were in attendance to recommend projects for FY 2009-2010 Rural Secondary Road Program. Copies of the recommendations are attached. The court discussed the inadequate funding for work that is needed in this area and across the state, allowing all of the rural secondary roads to fall further behind in repairs. The court also discussed:

- Funding for the resurfacing of a portion of Hwy 36 East from other sources.
- Resurfacing of Hwy 42 from the traffic signal at Hwy 227 to the Trimble County line.
- Truck traffic
- Kings Ridge, Hwy 55, Hwy 42, Hwy 36.
- Federal stimulus dollars directed through the state have been approved by the House for replacement of the Locust Creek Bridge. Currently, there is also \$95,000 in the federal budget for the project.
- Ice storm debris removal.
- Lighting on the KY River Bridge.
- Damage to Hwy 227 in Worthville. The work has been stopped and the individual responsible for the damage will have to repair damages.
- Repairs to the CSX crossing on Hwy 227 are scheduled to be done when the asphalt plant reopens.
- Repairs to the slide on Hwy 389 in English are estimated for completion in mid-May.
- Hwy 36 E and Boone Road entrance.
- Greens Bottom safety issue.
- Traffic rerouting plans during CSX repairs to crossing on Hwy 227.

Magistrate Bates made a motion to pass a resolution accepting the Transportation Cabinet's recommendation for resurfacing of Kings Ridge Road (KY 1226) through the Rural Secondary Road program and portions of Hwy 36 E through other funding sources, and noting the lack of adequate funding to make repairs to other roads that are in need. Magistrate Bowling 2nd. All in favor. Motion carries.
